## Gold, Silver and Violet Flame

The Gold, Silver and Violet Flame is a continually evolving Flame of Transmutation which can be invoked, by simply stating:

**'I now invoke the Gold, Silver and Violet Flame (or, the Flame of Transmutation) to release the negative energy associated with... (your perceived problem)'.**

### What is the Flame of Transmutation?

The Violet Flame is a high frequency spiritual energy, which has been known to spiritual adepts for thousands of years. \*In Atlantis the people could invoke the Violet Flame of Transmutation to dissolve any negativity in relationships and situations. This high frequency light literally devoured lower energy, so people could keep their auras clear. Unfortunately the power was misused and so it was withdrawn from all but a select few.

At the Harmonic Convergence in August 1987, so many Light Workers prayed and meditated for the raising of consciousness of humanity that St Germain, the Keeper of the Violet Flame, was able to approach Source to ask for a dispensation for humanity. Under Divine Grace the power of the Violet Flame was returned for everyone to use.

The Flame includes colours from lavender, through lilac to deepest violet and literally transmutes, dissolves and removes lower vibrations.

In 1998 the Silver Ray of Grace and Harmony merged with the Violet Flame of Transmutation. Beautiful silver light dances in the violet flames. When this is invoked, negative energy is replaced with something beautiful of a higher frequency.

And now the fifth dimensional Gold Ray has merged with the Silver Violet Flame, adding wisdom, angelic love and protection to the qualities of transmutation and harmony – a truly mighty combination that raises your consciousness to the fifth dimension and holds it there.\*

The Gold, Silver and Violet Flame possesses the qualities of freedom, alchemy, justice, joy, forgiveness, mercy and peace. When the decrees are recited with devotion, the Gold, Silver and Violet Flame permeates every cell and atom of our body, mind, emotions and even our subconscious memory.

It actually steps up the vibration of the electrons, so we resonate more with the pure cosmic energy that comes from our God Presence. As a result, the Violet Flame transmutes anything negative that is lodged within our spiritual or physical being, including everything from self-hatred to physical viruses.

The Silver energies replace the transmuted negative energies with higher vibration energies and the Gold brings a lasting sense of peace at the end of the healing.

As well as expelling toxins lodged in our physical organs, the Gold, Silver and Violet Flame can also transmute the karmas and traumas of our present and past lives, which are recorded in our etheric, mental, emotional and physical bodies. Sometimes our personal karma feels like a heavy weight, but by invoking the Flame of Transmutation we will feel lighter and less burdened since it literally consumes the cause of our personal problems. In other words, the Gold, Silver and Violet Flame clears the records of past lifetimes, thereby raising our self-esteem and helping us to be happy with ourselves.

In receiving the Gold, Silver and Violet Flame attunement and using it in conjunction with the regular process of decrees, meditation and visualisation, you will speed up the transmutation process.

### Attunement Preparations

The Gold, Silver and Violet Flame attunement is a pleasure to both give and receive. Everyone will have their own personal experience of the attunement, along with some form of internal transformation. Afterwards you will be more compassionate to others and you will also be more concerned about others rather than yourself.

As your intuition grows, you may suddenly become aware of angels, spirit guides, etc. and if you already work with guides then your spiritual connection with them will become stronger.

Each of us has our own way of preparing to receive attunements that we feel most comfortable with. There is no wrong way to do this, as long as you listen to yourself and not some other person.

You may wish to bathe or shower, light some candles or incense, play relaxing meditation-style music in the background, pray, meditate, chant, etc. This is a personal process and it is not necessary for me to know what you do. I only need you in a place with the intent to receive this attunement at the pre-arranged time and the energy will work itself out.

When your preparations are complete, say aloud or silently to yourself the following:

**"I am prepared to receive the Gold, Silver and Violet Flame being sent to me by Beverley Lewis."**

Then sit, relax, and rest for about 15 minutes, or until you are signalled to quit. Afterwards, you can contact me via email if you wish to share the experience or if you have any questions: bev@solana.co.uk

## Using the Gold, Silver and Violet Flame Energies

Gold, Silver and Violet Flame energies are highly transformational and can be used on both yourself and others. You can call upon the angels/guides of the Gold, Silver and Violet Flame and also on St. Germain before going to sleep at night, asking them to work on whatever issue requires healing. By the morning, the issue is typically released, although for deeper problems you can repeat the procedure for up to 30 consecutive nights, for example to break through barriers or to overcome addictions or deep-rooted fears.

Painful memories can be healed using the Gold, Silver and Violet Flame, and it can even help resolve difficulties in relationships. People who have directed the Flame of Transmutation into relationship problems report sensing a tremendous burden being lifted and feeling free to move on with their lives again. It can also be used to cleanse and purify the aura and major chakras by invoking it on a daily basis.

When using the Gold, Silver and Violet Flame to heal others you should call upon the angels of the Gold, Silver and Violet Flame and St. Germain, and then visualise yourself in a violet flame with them. Imagine yourself healing the person, and see the angels and the Gold, Silver and Violet Flame transform their issues or illness. This visualisation can be modified to meet your personal needs and can be done both in-person or distantly.

The following is a channelled message from St. Germain by Hari Das Melchizedek, founder of Shamballa Multidimensional Healing:

### Gold, Silver and Violet Flame

I AM Germain, Keeper of the Violet Flame or, the Violet Flame with the added dimension of the Gold, Silver and Violet Flame. Because, as times change and the vibrations go faster, the vibrations are accelerated, we have to add other colours to assist those that you've already been using. Higher vibrations mean different times, so different cures and different methods are called for. So, the Gold, Silver and Violet Flame.

There are many things you can do with it. One thing you can do is you can get it to consume all your negative feelings and emotions. Just consign all that aggravates you in that way into the Gold, Silver and Violet Flame. So, when you find your thoughts moving in directions that you don't want them to move in, thoughts that are interrupting that flow of Christ Energy into your physical body, when you work out what these interruptions are and as time goes on, it becomes much easier for ones to do this, just consign them into the Gold, Silver and Violet Flame.

There are also Mantras you can use. Of course, it only means that you have to add the Silver bit to the Violet Flame Mantras, the most useful or easiest many ones find to use is:

**I AM a Being of Silver Violet Fire. I AM the purity God desires...**

Now, I give this Mantra to you to use in your daily lives for several reasons. One is that this is a Cleansing effect. You could say that the Gold, Silver and Violet Flame Mantras are Spiritual antiseptics. You can flood your consciousness, your minds, your physical bodies, with this spiritual antiseptic and ALL will become clean. But, if you chant this Mantra in the mornings when in your bath or on the loo, you will find that it brings the Silver Violet Colour, the Silver Violet Energy into your space, into your living room and of course, this heightens the vibration.

We're not suggesting you take up this system of chanting on beads or an exact number of these Mantras every day and taking it up as a discipline in that way. Although if you are going to take up the chanting of Mantras, if you chant this Mantra day after day, this is one Mantra that is very worthwhile thinking about. But just use this Mantra in your daily lives, chant it a few dozen times a day and you will find that every thing starts to become Silver Violet. The vibration gets into the walls of your house, into the metal work of your cars, into the metals of your jewellery, into your energy system, both physical and spiritual. You will actually start shining Silver Violet! So, we could chant a few repetitions and see the vibrations:

**I AM a Being of Silver Violet Fire, I AM the Purity God desires.  
I AM a Being of Silver Violet Fire, I AM the Purity God desires.  
I AM a Being of Silver Violet Fire, I AM the Purity God desires.**

This is very good because many are putting the emphasis on 'I AM', because the important part of this Mantra is I AM. The important part of the Ascension process is realising that you ARE the 'I AM' Presence. So use this Mantra in your daily lives. It need not take up much time. No need to put hours into it. Use it as a matter of course. Allow it to flow into your consciousness. Allow your voice to speak it.

It is better spoken out loud and with intent because, saying it to yourself, although it has an effect on your physical body, your four body system and what can be termed your Spiritual Body, you are not having an effect on everything that surrounds you.

So when you think about how much Service you can do for creation just by chanting your Mantras out loud (because the business end of the mantra is the vibration of the Mantra), so you will be affecting everything around you. So when you get into these situations, as well as using the Protection of the Pillar of Light of Archangel Michael, use these Silver Violet Mantras. They will help to bring nice high vibration Energies into your space.

Any questions? A deep heartfelt 'thank you' to all from ... There's no need to thank us, that's our job. We accept your thanks with Love but all the time, there is no need to thank us because we are giving you Service from the heart with unconditional Love. It is because we love you, we give you the Service. I do take your acknowledgement and accept your Love, thank you. So again, I say to you that you can use this Mantra out loud but also you can meditate with this Mantra, which will trigger your mind into meditation. Then meditate on this Gold, Silver and Violet Flame.

I have now with me, some helpers to help put the Vibrations and energy of this Gold, Silver and Violet Flame into your working space and now you have chanted a couple of rounds of this Mantra, some of you if not all of you, must be seeing this Silver Violet energy that is building up within the space. We are putting it too into this small Stargate and spreading it into the room. So, just take some time to think about this Mantra. Ground it within your bodies and your consciousness and bathe yourselves with the lovely Vibrations of it. You must all now be feeling in your physical bodies this Raising of Vibrations. This is a reasonably Energetic day on many levels so of course on the second day, many are feeling the results of that. Many feeling somewhat disorientated, feeling somewhat tired, but you see, there IS a heightening of Vibrations here. So, use this in your daily lives, use it to transmute situations that are undesirable to you.

You can also as well, leave this Violet Flame behind you wherever you go. You can bring down the Fire and install it in many places. Install it in the streets of your towns, on the roads of your Island, in the energy points of your Island. It will be there then for the transmutation of all, not only of the humans but the animals, the birds. Work with these instructions. We Love you.

Channelled by Hari Das Melchizedek (aka John Armitage).

## How to Give the Gold, Silver and Violet Flame Attunement

You may wish to bathe or ground yourself of excess energies before commencing the attunement procedure. Make sure you will not be interrupted, and if you are a Reiki practitioner/master or spiritual healer, feel free to use whatever preparation methods you feel most comfortable with. Once you are ready, focus on the person to be attuned by thinking or looking at their name. Request the assistance of your guides, the angels of the Gold, Silver and Violet Flame, the assistance of the attunee's guides and St. Germain. They are the ones that actually make this attunement - you are only the antenna sending the signal to a particular person. Then visualise a violet flame around you, inside you, and all around. Say the following either aloud or silently:

**"I call upon the keepers of the Gold, Silver and Violet Flame. I ask that St. Germain assist me here now in attuning (*person's name, address*) to the Gold, Silver and Violet Flame."**

See the flame surround the person, entering their heart and chakras. Allow it to flow through them for a few moments. Then say:

**"(*Person's name*), you have been attuned to the Gold, Silver and Violet Flame, the fire of unconditional love and spiritual service. Go in peace and attune others to their spiritual flame."**

You may wish to elaborate, but it is unnecessary. The attunement is complete.
