About Morning Dew Reiki

Morning Dew Reiki captures the fresh, energizing feeling of the early morning hours. Using this energy will help energize, enliven, and inspire your clients. It helps bring fresh perspectives and hope. It can be used in conjunction with regular Reiki in any healing session. The energy may feel cool, light, and refreshing.

To Activate

The “symbol” for this system is a dewdrop. The color of the dewdrop is a pale, pale blue. Imagine a dewdrop in the middle of your palms as you send the energy out.

You can also visualize sparkly dewdrops in the aura of the client, clearing away any negative energy...seeing the client’s aura as squeaky clean and fresh.

To Attune Others

Connect to your higher self, and then the higher self of the recipient. Ask to connect to the Morning Dew Reiki energy. See it as sparking dewdrops.

Use your traditional attunement method if in person to send the dewdrops into the crown chakra.

Via distance, imagine the person in front of you as you send the dewdrops to the recipient. Visualize the dewdrops entering in the top of the head.

There is no time-limit or limit on re-attunements.

This energy can be freely shared with anyone, and it is also OK to charge for providing a personalized attunement if you offer attunements as part of your Reiki practice.
